IMPORTANT NOTICE FOR ALL OUR CUSTOMERS

Due to recent speculation about the future of your pool, we thought it would be helpful to let you know the situation as we know it. It is important to understand that no outright decisions have been made as to the way the pool will be developed.

As you may be aware the surrounding area is being developed by the South West Regional Development Agency and the requirement for a quality leisure site has been recognised by that developer.

Discussions are underway to provide the best way forward for all concerned. This could include major works to improve/expand this Centre.

No decision has been made to close the pool.

Further news will be brought to you as soon as we receive it.
