Dear Prime Minister

CLOSURE OF SEATON SWIMMING POOL, PLYMOUTH

I use Seaton Swimming Pool Plymouth but the City Council is going to close it down, leaving the North of the City without a pool.

I understand that during Prime Minister's Question Time you said that you deplored the closure of a pool in Derbyshire and that Local Authorities should not cut facilities but should be putting major sums into community facilities.

Could you please explain why Plymouth City Council, which is Labour Controlled like your Government, is taking this action? And could you please help to keep our pool open?

Yours sincerely
